with free will and with the desire
to leave a permanent mark on
the world Grant that as we
approach this Election Day each of us
will realize that voting is one of
the most important ways we can
help thee create the kind of
world thou wouldst have us create.
Grant O Sad that none of us will
ever treat the privilege of voting

lightly because though it literally
the life and death of millions
of people are decided. Don't mind
that no matter who the leaders
who are elected will be that they
will continue to support the causes
which will further the peace of the
world and safeguard the safety of
Israel. Don't mind that though their
leadership each of us on the local,
national and international level will
lead fuller, richer and more fulfilling
lives and that by so doing we will be
drawn closer to each other and to the
Americas!
